

Born2BeRoot G

Do not lose your Born2BeRoot : get a ...

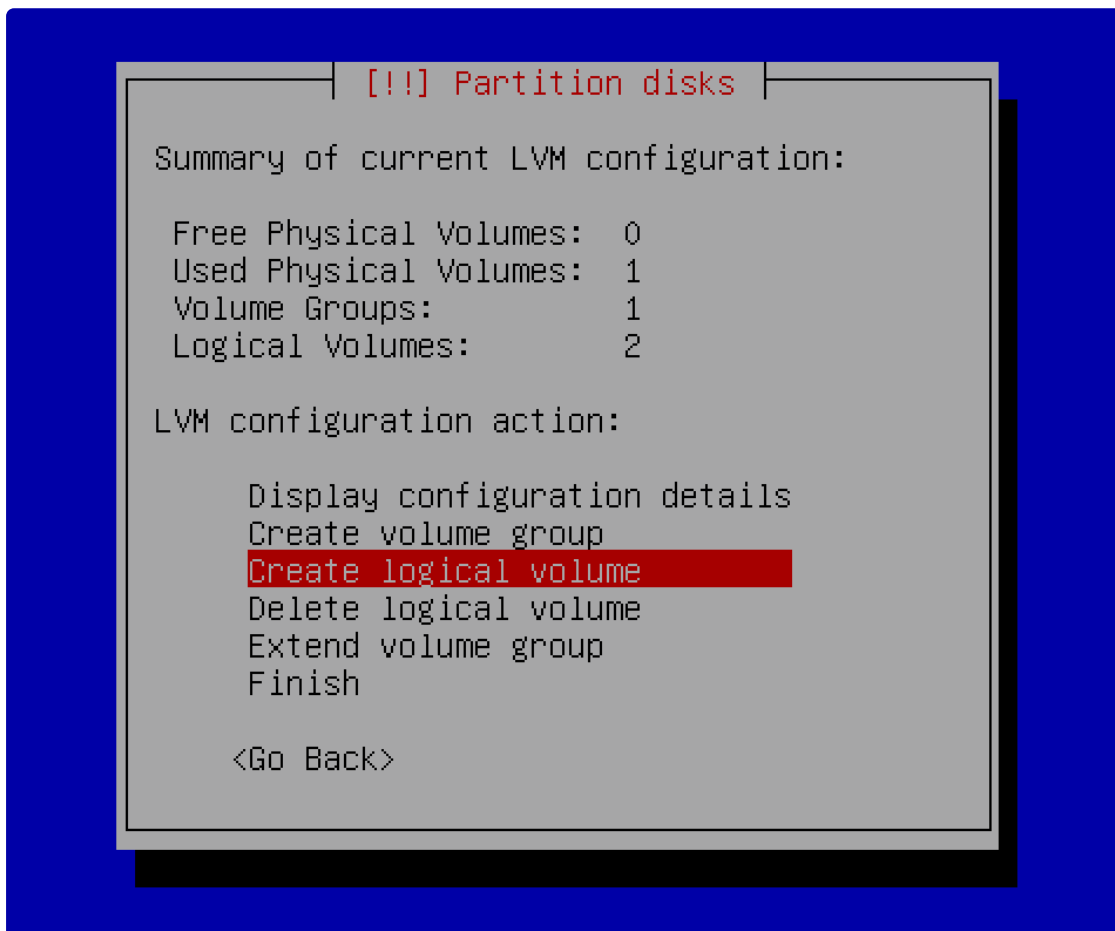

[Installing Debian](#) > [BONUS: Partition Disks](#)

Copy

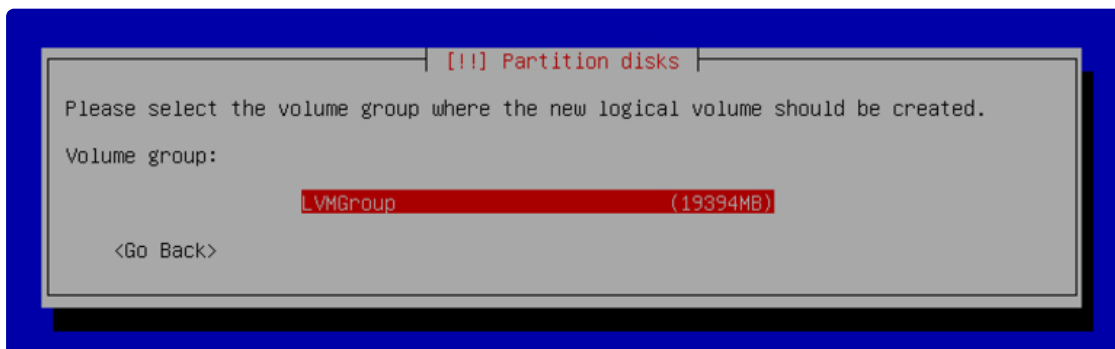

BONUS: logical volume home

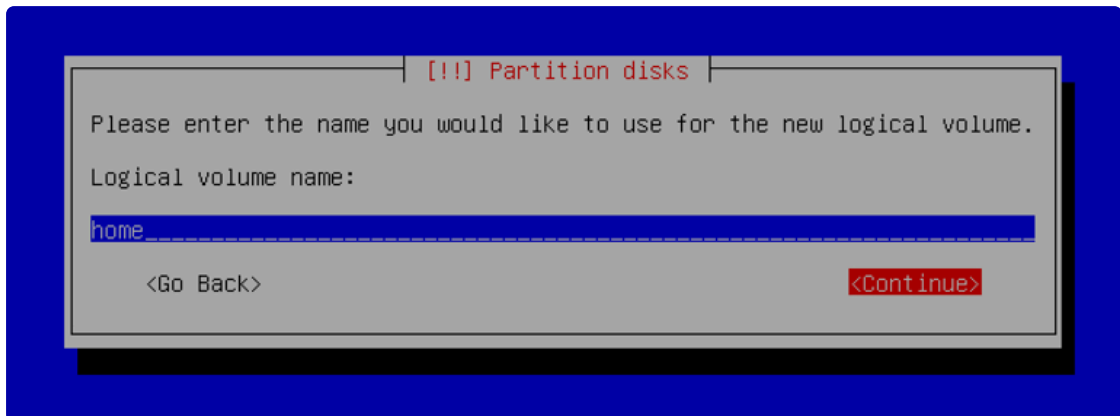

1. We repeat the process for `home`. We only change the name and size.

2. Select `LVMGroup`

3. Write **home** and

[[!]] Partition disks

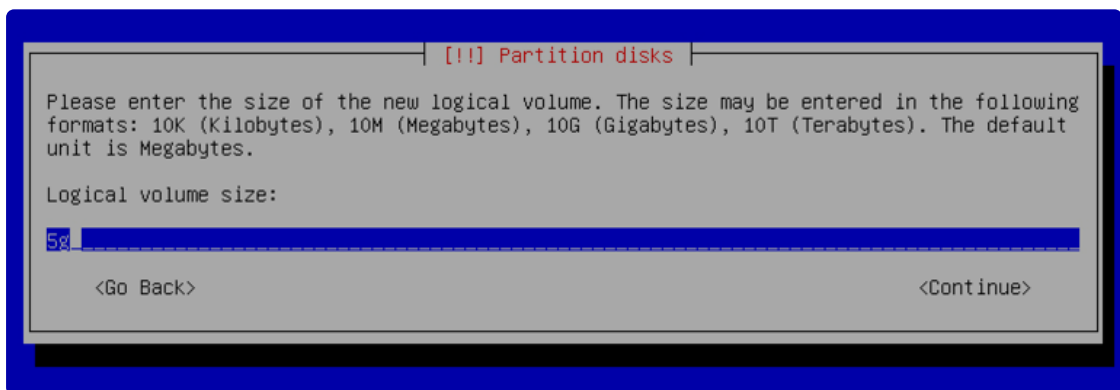

Please enter the name you would like to use for the new logical volume.

Logical volume name:

home

<Go Back> **<Continue>**

4. Write **5g** and

[[!]] Partition disks

Please enter the size of the new logical volume. The size may be entered in the following formats: 10K (Kilobytes), 10M (Megabytes), 10G (Gigabytes), 10T (Terabytes). The default unit is Megabytes.

Logical volume size:

5g
